

MACGREGOR
PARTNERS

Our Blue Yonder WMS experts have deployed more than 70 sites in the past 12 months, with zero rollbacks. The accredited and knowledgeable implementation team draws on years of in-depth warehouse consulting, WMS mastery, and first-hand knowledge of warehouse operations.

We believe in building long-term partnerships and delivering incremental value over time. Our proven Blue Yonder implementation process is grounded in providing excellent operational outcomes, while avoiding the issues common to WMS deployments.

- ➔ Accredited Blue Yonder partner with one of the largest and most experienced WMS implementation teams in the U.S.
- ➔ Experts in enterprise deployment on Blue Yonder Luminate SaaS platform for multiple \$1B+ organizations.
- ➔ One-stop WMS shop with offerings ranging from implementation to training, support, and WMS selection, plus additional expertise in labor management and TMS implementation.
- ➔ Advanced templating framework for large-scale, multi-site enterprise deployments.
- ➔ Added value with M.Platform SaaS products available on Luminate Marketplace, including Enterprise Visibility & Quality Management, 3PL Billing & Client Portal, eBOL & Driver Orchestration, Robotics Integration, and more.
- ➔ Continuous improvement focus utilizing real-time data and minimizing change management to drive better investment decisions.
- ➔ Leverage our expertise to drive long-term incremental value with fully managed WLM services to maintain engineered standards. Paired with our analytics services, gain visibility into cost-to-serve data to drive objective continuous improvement.
- ➔ Experts in robotics mission profile identification, RFI/RFQ creation, and integrating a wide variety of robotics and automation platforms into BY WMS using our purpose-built M.Conductor solution.
- ➔ White glove support and hosting for WMS with knowledgeable U.S.-based team available 24/7/365 for a single point of contact to minimize downtime.
- ➔ Flexible commercial model along with a wide range of service offerings. From a fixed fee to time & materials or from one-time capital projects to ongoing investment, we have a model to fit your need.
